## **Beeghly Oaks Nursing & Rehab Center**

# Press Release

## **Beeghly Oaks Nursing & Rehab enhanced addition of 20 Private Luxury Rooms: Focus on Skilled Nursing & High level of Ortho – Neuro – Cardiac Rehab.**

The State of Ohio Department of Health has approved the unit under all Licensure Laws and Requirements. The approval will allow immediate occupancy.

Boardman, Ohio, May 29th, 2009: Jennifer See, Beeghly Oaks Administrator, reported that the State has approved the conversion of the 20 room Assisted Living unit to 20 luxurious private suites for Skilled Nursing and Rehab Care. The center will start accepting admissions Monday June 1<sup>st</sup>. Jennifer See states “with the change of ownership to Vrable Healthcare in 2007, this is just our beginning of transitioning to Vrable’s mission of serving higher levels of rehab care in the center. We are excited about the private rooms and the many positive changes to Beeghly Oaks. This also comes in our 20<sup>th</sup> Anniversary year of serving the Boardman Community. Vrable Healthcare has given us a clear direction to advance our rehab programs and has resulted in tremendous growth in the center. The day of approval from the state came the same day the center achieved 100% occupancy. We certainly will utilize the 20 beautiful private rooms for our Physical Therapy programs.”

Beeghly Oaks is owned by Vrable Healthcare Companies located in Columbus Ohio. The company also owns Pembroke Place in Youngstown. Pembroke launched a similar product August 2008 after a 20 month remodel. The company employs approximately 1000 employees of which 200 are in the Youngstown area.

**For Release 9 a.m. EDT, June 1<sup>st</sup>, 2009**
